

The Common Cold Doesn't Have To Get YOU This Winter...

How To Easily Heal Your Cold With A Revolutionary All Natural Remedy Proven 15 Times More Powerful Than Chicken Soup

Dear Friend,

The most up-to-date, cutting edge medical science combined with age-old wisdom finally brings you relief for the common cold. It's true! Throw out your antihistamines NOW. There's a new, ground-breaking treatment that actually works so much better. And this amazing all natural remedy comes with no nasty side-effects whatsoever.

But, don't tell your Grandma because just one capsule of this natural herbal supplement is 15 times more powerful than a bowl of chicken soup!

Now the choice is clear. The next time you feel the first symptoms of a cold, you can swallow 45 bowls of your Granny's chicken soup or...

You can start ridding your body of those dreadful cold symptoms with just 3 all-natural capsules. You are about to learn the secret of how you can be free of the misery of "catching a cold," now and forever. And it's so quick and easy, you'll be stunned!

This revolutionary, new formula is scientifically **PROVEN** to:

- Supercharge your immune system and protect your body from "catching" a cold with NAC—this powerful antioxidant found in chicken soup will boost your glutathione—the best immune-boosting substance in your body.
- Teflon-coat your body against bacteria and viruses. You do it by revving-up your germ-killing white blood cells with **beta glucan**—a polysaccharide antioxidant found in edible

mushrooms. Your white blood cells get *so* aggressive that bacteria and viruses just don't stand a chance!

- Dry out your mucus and stop that annoying, embarrassing runny nose. You won't be carrying around a big box of tissues anymore!
- Alleviate the nightmare of bronchitis that once sent you to bed for days. You'll be up and around before you know it!
- Knock-out your fever and bring your temperature back to normal. You won't believe how quickly you'll feel like yourself again.
- Clear your lungs of congestion and sleep undisturbed. You've got to get a good night's sleep!
- Quickly stop your cough without cough syrup. Presto! Your cough will be gone like magic!

So now you *can* tell your Granny she was right about chicken soup. But don't tell her to start cooking up a vat of it, because now all you need is a few all-natural capsules and you'll kiss your cold good-bye.

This Winter You Can End The Misery Of “Catching A Cold”

Tired of “catching a cold” every winter? Sick of that awful congestion that keeps you up all night, when all you want is sleep? Frustrated with the debilitating body aches that make you hurt all over? Embarrassed by a hacking cough that sends people running the other way? Miserable because of a runny nose that makes you wish you had stock in a tissue company? And how about that horrible throb of your headache? It's so bad, you can't even *think*!

It's enough to make you scream! But you can't. Your throat is much too red and sore for *that*!

And what do you have for managing those awful symptoms? Don't you hate those awful antihistamines with those annoying side-effects? On the one hand they make you drowsy. Then on the other, they can cause *sleeplessness*! Talk about wanting to scream! And antihistamines can even dry you out *too* much. You find the “cure” is causing you more pain and suffering.

But now you have a way for making all those terrible symptoms a thing of the past. And you won't be just trying to *manage* those symptoms with side-effect riddled antihistamines either. Finally, there is a real alternative.

Just imagine...

Now you can actually prevent "catching a cold." Or, you'll kill it BEFORE it gets you. And you'll do it with an all natural remedy that is actually good for you, even if you don't have a cold. You see, this natural "medicine" improves your immune system and enhances your disease and germ fighting cells. It can actually help prevent other diseases, besides a cold and other respiratory infections from attacking your body as well. And it has no side-effects whatsoever. All *this* "medicine" has is health-giving benefits for your entire body. It's what you wish *all* medicine was like.

How Modern Medical Science And Your Granny's Chicken Soup Come Together To Combat The Common Cold

It's taken 2000 years but science has finally proven that the amino acid N-acetylcysteine (NAC) found in the protein of chicken soup is extremely effective for combating the symptoms of the common cold. As far back as 60 A.D., Pedacius Dioscordes, an army surgeon under the Emperor Nero reported the cold erasing benefits of chicken soup.

And the benefit of beta glucan is widely recognized today as a way for stimulating your white blood cells so effectively that...they eat up any bacteria or virus that threatens your immune system...helping to keep you healthy and disease-free.

For the first time, modern technology brings you the cold killing benefits of 15 bowls of chicken soup and the germ killing arsenal of beta glucan in one tiny, easy to swallow capsule!

Take the recommended dose of 3 capsules a day and you'll get the cold killing weapon of 45 bowls of Granny's good stuff. No matter how good your Granny's chicken soup is—45 bowls is a lot of soup! But with this revolutionary new supplement, no soup spoon is needed.
